by the year 2020, more visitors will come to The Bahamas because of its Art, Culture & Heritage, rather than merely for its sun, sand and sea.
celebrate and promote Bahamian Art, Culture and Heritage from the inside out.
CREATIVE TOURISM engages visitors in active participation with a community’s culture thereby providing them with an authentic experience of a community’s heritage.
I am pleased to inform you that....I have decided to designate Nassau as a member of UNESCO’s Creative Cities Network, in the category of Crafts and Folk Arts. Allow me to congratulate you for this achievement....I look forward to a fruitful cooperation between UNESCO and the city of Nassau.
The Creative Cities Network is currently formed by 180 Members from 72 countries covering 7 creative fields: Crafts & Folk Art, Design, Film, Gastronomy, Literature, Music and Media Arts.

I HAVE A DREAM
ABOUT THE PROJECT

On September 15th, 2019, A Lend a Hand Bahamas in collaboration with Transforming Spaces (TS) and the National Gallery of the Bahamas unveiled a mural as part of a positive arts project to promote unity and respect in the community. The mural, titled "I Have a Dream," features artwork by local Bahamian artists.

The project was initiated to address the need for community engagement and to provide a platform for young artists to showcase their talent. The mural was unveiled at the historic 10th Street in Nassau, marking the beginning of a series of events and initiatives aimed at fostering unity and respect.

PROJECT SPONSORS

- A Lend a Hand Bahamas
- Transforming Spaces
- National Gallery of the Bahamas
- The Bahamas: A Country of Artists

The unveiling ceremony was attended by local leaders, community members, and artists, who came together to celebrate the importance of art in promoting unity and respect.

- Joulter Cays National Park
This map is created by the GIS Unit of the Bahamas National Trust.
Importance of the Joulter Cays

• Protects important terrestrial habitats, coppice forest, mangrove stands & sandy shores.
• Extensive rare oolite sand flats
• Nursery habitats for important marine species.
• Andros Barrier Reef and coral reefs
• Deep water habitat for pelagic marine species & habitat for spawning bonefish, marine mammals and sea turtles.
• Important Bird Area: critical habitat for the endangered Piping Plover, Rufus Red Knot, Reddish Egrets and Short-billed Dowitchers.
• The Joulter Cays contribute $141 million to the flats fishing industry in The Bahamas.
