Structural Deficiency: dwelling units do not feature any insulation and would require the installation of wall cavities further reducing the amount of livable/accessible space within the units.

Structural Deficiency: existing handicapped dwelling units would require significant and likely structural modifications to be fully compliant with the Uniform Federal Accessibility Standards (UFAS).

The property reportedly does not meet current windstorm requirements for the local coastal area.

Structural Deficiency: The majority of sewer lines are clay pipe and reportedly causing regular sewer line backups, additionally the manholes reportedly do not allow for proper storm water drainage at the site.

Community Challenges: Physical, Social, Economic

Summary of Resident and Stakeholder Feedback from Community Meeting 1

In Meeting 1, neighborhood residents and stakeholders identified physical, social, and economic challenges facing the Fairfield community. The bars indicate the number of tables out of eight participating that identified a particular challenge.

Grand opening of Rockford’s The Grove at Keith Creek celebrates opportunity, community

Kameran Smith, 1, rides his toy bike around the house on Wednesday, Sept. 27, 2017. Since moving into The Grove at Keith Creek in August, Kameran’s mother says she believes her children are much safer, and that moving to a more central part of Rockford has given
HACB Empowering Residents through HUD’s Choice Neighborhood Program: Mrs. Laura Villarreal achieves US Citizenship

On behalf of the HACB Team, we welcome Resident Commissioner Laura Villarreal to the Board of Commissioners. Commissioner Villarreal has served as President of the Resident Advisory Board and is also currently the President of the Buena Vida Resident Association. Her leadership has helped Administration and HACB to diversify and grow the programs for the families that we serve. We look forward to our continued partnership with Commissioner Villarreal.
