

planning webcast series

Sponsored by APA Chapters & Divisions

WHO WE ARE

Overview

There are over 55 APA chapters and divisions as members, and the consortium is coordinated by APA Ohio. We conduct roughly 50 webcasts each year, of which all get recorded and are posted to our [YouTube Channel](#). Several recorded webcasts are available for on-demand CM credits. The sessions are typically on Fridays from 1:00 - 2:30 PM ET. Once Fridays are filled, we schedule Wednesdays and Thursdays. All sessions qualify for 1.5 CM credits.

Website

Visit our new website to register for upcoming sessions and view slide decks and recordings of previous sessions. www.ohioplanning.org/planningwebcast

Consortium Dues

To help support this program, we ask that each chapter/division contribute “dues” of \$150/year. If a chapter/division joins outside the December renewal period, we will prorate dues. Sessions are free to all members of the chapters and divisions that belong.

Communication

We send out notices via email on a roughly monthly basis giving the chapter/division point of contact information to pass on to members about upcoming webcasts. We also list available upcoming dates if your chapter/division is interested in hosting a session.

Webcast Responsibility

We ask that each chapter or division organize *at least one* webcast during the year. To schedule a webcast, just reach out to Christine at info@ohioplanning.org. Available dates are listed in real time at www.ohioplanning.org/pwsportal.

2020 SNAPSHOT

In 2020, 41 APA Chapters, 15 APA Divisions and 3 individual organizations participated in the Consortium! This past year has been a challenge for us all, and we sincerely hope the Webcast Series helped your members continue to receive the critical professional development they need.

Because of this unique year, we've held over 30% more webcasts than last year - more than we've ever held in the 10 plus years as a consortium.

We've held 50 webcasts, each qualifying for 1.5 CM credits – that's 75 CM credits! Four (4) of the webcasts qualified for Law credits and two (2) qualified for Ethics credits. We also have four (4) webcasts available for Distance Education credits (two Law and two Ethics) through the end of December.

Over **16,000 individuals** from across the United States (and beyond!) participated in 2020. Wow! Our [YouTube Channel](#) has over 300 recorded sessions and over 3,100 subscribers. Wow, again!

Your Webcast Director + Moderator,

Christine Dersi Davis, AICP
Executive Director, APA Ohio
